Let's Know Islam Parvej Husen Talukder 2022-06-18 Little friends, hopefully better. I'm fine too, Alhamdulillah. We are Muslims. We were born into a Muslim family. That is why it is important for us to know different aspects of Islam. The most important asset for any Muslim is faith. People do not remain Muslims if there are errors in it. Because disbelief is the opposite of faith. And faith is truth, and disbelief is falsehood. The light of faith, the darkness of disbelief. Faith is beautiful, disbelief is ugly. Faith is life, disbelief is death. Faith is good, disbelief is bad. Faith is the straight path, disbelief is the wrong crooked path. A true believer can endure all hardships, even death, but cannot give up faith. To him, faith is greater than anything. And yes, faith is not just the name of reciting the word of mouth, but the name of accepting all the rules of Islam by heart. Therefore, a Muslim must be truthful in word and deed.

It is unfortunate that the teachings of Islam have been marred by centuries of intellectual malaise, political misdirection, extremism, and disunity, leaving many spiritual wanderers both Muslim and non-Muslim to ponder a plethora of unaddressed questions about these sacred teachings. In his newest book, *The Muslim Book of Why: What Everyone Should Know about Islam*, author, scholar, and leading jihad theorist Warithudeen Umar highlights the concept of ijtihad in an attempt to help answer many of today's most pressing questions about Islam. Ijtihad is described as a creative and disciplined intellectual effort to derive legal rulings from Islamic sources while taking into consideration the variables brought on by the fluctuating circumstances of the Muslim world. Though the world has changed and expanded, humanity's need for these teachings viewed through the clarifying concept of ijtihad has not. To right these wrongs of gross misguidance within Muslim society, we must deconstruct history in order to discern what went wrong after the revelation of the Qur'an was shared with the world. *The Muslim Book of Why* seeks to do so, refocusing Muslim thought on a life of faith, family development, and worship.

Relax, It's Just God Wendy Thomas Russell 2017-01-16 Gold-medal winner of a Next Generation Book Award, silver-medal winner of the Independent Publishers Book Award. As featured on the PBS NewsHour "A gem of a book." – LIBRARY JOURNAL (STARRED REVIEW) A step-by-step guide to raising confident, open-minded kids in an age of religious intolerance. Relax, It's Just God offers parents fresh, practical and honest ways to address issues of God and faith with children while promoting curiosity and kindness, and successfully fending off indoctrination. A rapidly growing demographic cohort in America, secular parents are at the forefront of a major and unprecedented cultural shift. Unable to fall back on what they were taught as children, many of these parents are struggling, or simply failing, to address issues of God, religion and faith with their children in ways that promote honesty, curiosity, kindness and independence. The author sifts through hard data, including the results of a survey of 1,000 nonreligious parents, and delivers gentle but straightforward advice to both non-believers and open-minded believers. With a thoughtful voice infused with humor, Russell seamlessly merges scientific thought, scholarly research and everyday experience with respect for a full range of ways to view the world. "Relax, It's Just God" goes beyond the numbers to assist parents (and grandparents) who may be struggling to find the right time place, tone and

language with which to talk about God, spirituality and organized religion. It encourages parents to promote religious literacy and understanding and to support kids as they explore religion on their own -- ensuring that each child makes up his or her own mind about what to believe (or not believe) and extends love and respect to those who may not agree with them. Subjects covered include: • Talking openly about our beliefs without indoctrinating kids • Making religious literacy fun and engaging • Talking about death without the comforts of heaven • Navigating religious differences with extended family members • What to do when kids get threatened with hell

The Role of Religion in History George Walsh 2017-09-08

This comprehensive survey of religion and its profound effects on history provides a historical context for in-depth analysis of theological, social, and political themes in which religion plays a major role. George Walsh first traces the rise and impact of primitive religions. He looks at Indian traditions, including Hinduism, Buddhism, and Jainism and analyzes the Semitic tradition of Judaism and Christianity and the evolving conception of a personal God. He discusses the history and chief doctrines of Islam as well, with its fundamental respect for desert tribal values and its emphasis on both the authority of God and the brotherhood of believers. Walsh then compares Judaism and Christianity. He sees Judaism as marked by a profound ambivalence between the values of tribal, nomadic desert life and the values of urban civilization, individualism, and collectivism. Judaism is "this-worldly," but the Christian worldview is "other-worldly." Walsh closes with a timely discussion of the ethical, political, and economic teachings of the Judeo-Christian tradition, focusing specifically on their differing attitudes toward sex, reproduction, and marriage; their basic views of mind and body; and man's relation to God.

The Book of the Jihad of 'Ali ibn Tahir al-Sulami (d. 1106) Niall Christie 2017-07-05 In 1105, six years after the first crusaders from Europe conquered Jerusalem, a Damascene Muslim jurist named 'Ali ibn Tahir al-Sulami (d. 1106) publicly dictated an extended call to the military jihad (holy war) against the European invaders. Entitled *Kitab al-Jihad (The Book of the Jihad)*, al-Sulami's work both summoned his Muslim brethren to the jihad and instructed them in the manner in which it ought to be conducted, covering topics as

diverse as who should fight and be fought, treatment of prisoners and plunder, and the need for participants to fight their own inner sinfulness before turning their efforts against the enemy. Al-Sulami's text is vital for a complete understanding of the Muslim reaction to the crusades, providing the reader with the first contemporary record of Muslim preaching against the crusaders. However, until recently only a small part of the text has been studied by modern scholars, as it has remained for the most part an unedited manuscript. In this book Niall Christie provides a complete edition and the first full English translation of the extant sections (parts 2, 8, 9 and 12) of the manuscript of al-Sulami's work, making it fully available to modern readers for the first time. These are accompanied by an introductory study exploring the techniques that the author uses to motivate his audience, the precedents that influenced his work, and possible directions for future study of the text. In addition, an appendix provides translations of jihad sermons by Ibn Nubata al-Fariqi (d. 985), a preacher from Asia Minor whose rhetorical style was highly influential in the development of al-Sulami's work.

When Rachel Pieh Jones moved from Minnesota to rural Somalia with her husband and twin toddlers eighteen years ago, she was secure in a faith that defined who was right and who was wrong, who was saved and who needed saving. She had been taught that

Islam was evil, full of lies and darkness, and that the world would be better without it. Luckily, locals show compassion for this blundering outsider who can't keep her headscarf on or her toddlers from tripping over AK-47s. After the murder of several foreigners forces them to evacuate, the Joneses resettle in nearby Djibouti. Jones recounts, often entertainingly, the personal encounters and growing friendships that gradually dismantle her unspoken fears and prejudices and deepen her appreciation for Islam. Unexpectedly, along the way she also gains a far richer understanding of her own Christian faith. Grouping her stories around the five pillars of Islam - creed, prayer, fasting, giving, and pilgrimage - Jones shows how her Muslim friends' devotion to these pillars leads her to rediscover ancient Christian practices her own religious tradition has lost or neglected. Jones brings the reader along as she reexamines her assumptions about faith and God through the lens of Islam and Somali culture. Are God and Allah the same? What happens when one's ideas about God and the Bible crumble and the only people around are Muslims? What happens is that she discovers that Jesus is more generous, daring, and loving than she ever imagined.

Let's Learn About Tawheed Aamna Qureshi 2021-03-25 The very first pillar of our faith is Tawheed. It goes without saying then that this pillar must therefore be of the utmost importance. Yet if we speak to children and ask them about the 5 pillars of Islam they will probably be able to tell us more about fasting and salah than Tawheed. To them Tawheed means you believe in Allah and the last messenger, Prophet Muhammed (PBUH). It is a simple statement that is correct, but a simple statement that has a lot of meaning behind it. When we build a house we will start by laying a line of bricks in a row. Upon this row we will layer the other bricks on top. If

after building a wall, we removed some of the bricks in the first row, the house would come tumbling down. Tawheed is just like that first layer of bricks on a house that is supporting all the other layers. If the foundation of our faith is built strongly, then the rest of our actions and deeds will be sound. But if our Tawheed is weak in understanding and application, then this will affect the validity of all our actions. This is why it is so significant for children (and adults) to understand what it means by the word Tawheed; so that they can understand what it contains and increase their knowledge and relationship with Allah. The more they know about Allah, the more they will love Allah. This book has been designed to introduce children to the concept of Tawheed and explain to them more about their Creator. It is hoped that this will help all children understand their Creator better and increase their relationship with Him.
