Corrosive Dreams Kody Webb 2020-03-08 What happens when the "American Dream" becomes one impossible to obtain? What happens to the people it affects? Someone's inalienable rights might force someone else's hand to a certain set of actions. Actions have consequences. **Mark** Edwin K. Broadhead 2009 In this commentary, Broadhead explores the Gospel of Mark for literary designs which might guide modern readers. He gives special attention to structure, strategy, significance and the appropriation of meaning, and his analysis shows the Gospel as a sequential account which employs a strategy of reciprocity among its episodes. Clear signs are created within this Gospel, the meaning of which is negotiated by the first readers in the aftermath of the Temple's fall. Modern readers are encouraged to connect these signs to their own world and to initiate a new performance of this Gospel.

Mark Warren Carter 2020-04-03 The Academy of Parish Clergy 2020 Reference Book of the Year 2020 Association of Catholic Publishers first place award in Scripture 2020 Catholic Press Association third place award for best new religious book series This reading of Mark's Gospel engages this ancient text from the perspective of contemporary feminist concerns to expose and resist all forms of domination that prevent the full flourishing of all humans and all creation. Accordingly, it foregrounds the Gospel's constructions of gender in intersectionality with the visions, structures, practices, and personnel of Roman imperial power. This reading embraces a rich tradition of feminist scholarship on the Gospel, as well as masculinity studies, particularly pervasive hegemonic masculinity. Its politically engaged discussion of Mark's Gospel provides a resource for clergy, students, and laity concerned with contemporary constructions of gender, power, and a world in which all might experience fullness of life.

Herokiller Paul Tassi 2020-10-27 In the near future, the line between entertainment and brutality has blurred. Mysterious billionaire Cameron Crayton is a household name from televised spectacles in which prison inmates fight to the death, but his old shows pale in comparison

It's the most dangerous assignment he's ever been given, and Mark quickly finds himself not just fighting for his life in the arena against trained killers, but racing to expose The Crucible's founder's secrets while navigating a viral phenomenon in which the stakes are literally life and death...

Narrative Space and Gender in Russian Fiction Joe Andrew 2007-01 The present volume has as its primary aim readings, from a feminist perspective, of a number of works from Russian literature published over the period in which the 'woman question' rose to the fore and reached its peak. All the works considered here were produced in, or hark back to, a fairly narrowly defined period of not quite 20 years (1846-1864) in which issues of gender, of male and female roles were discussed much more keenly than in perhaps any other period in Russian literature. The overall project is summed up by the three key words of this book's title, narrative, space and gender, and, especially, the interconnections between them. That is, what do the way these stories were told tell us about gender identities in mid-nineteenth-century Russia? Which spaces were central to these fictional worlds? Which spaces suggested which gender identities? The discussions therefore focus on issues of narrative and space, and how they acted as 'technologies of gender'. This volume will be of interest to all interested in nineteenth-century Russian literature, as well as students of gender, and of the semiotics of narrative space.

Mark Abraham Kuruvilla 2012-02-24 Mark: A Theological Commentary for Preachers engages hermeneutics for preaching, employing theological exegesis that enables the preacher to utilize all the narrative units of Mark to craft effective sermons. This commentary unpacks the crucial link between Scripture and application: the theology of each preaching text. The Gospel of Mark is therefore divided into twenty-five narrative units, with the theological focus of each clearly delineated. The specificity of these theological ideas for their respective texts makes possible a sequential homiletical movement through each pericope of the book, progressively developing the theological trajectory of Mark's theme of discipleship, and enabling the expositor to discover valid application for sermons. While the primary goal of the commentary is to take the preacher from text to theology, it also aids in the advance from theology to sermon by providing tips for preaching and two possible sermon outlines for each of the twenty-five units of the Gospel. The unique approach of this work results in a theology-for-preaching commentary that promises to be useful for anyone teaching through Mark's Gospel with an emphasis on application.

The Way We Think Gilles Fauconnier 2008-08-06 In its first two decades, much of cognitive science focused on such mental functions as memory, learning, symbolic thought, and language acquisition -- the functions in which the human mind most closely resembles a computer. But humans are more than computers, and the cutting-edge research in cognitive science is increasingly focused on the more mysterious, creative aspects of the mind. *The Way We Think* is a landmark synthesis that exemplifies this new direction. The theory of conceptual blending is already widely known in laboratories throughout the world; this book is its definitive statement. Gilles Fauconnier and Mark Turner argue that all learning and all thinking consist of blends of metaphors based on simple bodily experiences. These blends are then themselves blended together into an increasingly rich structure that makes up our mental functioning in modern society. A child's entire development consists of learning and navigating these blends. *The Way We Think* shows how this blending operates; how it is affected by (and gives rise to) language, identity, and concept of category; and the rules by which we use blends to understand ideas that are new to us. The result is a bold, exciting, and accessible new view of how the mind works.

Nazarene Commentary Mark Heber Miller 2010-11-13 At my birth in Norfolk, Virginia September 24, 1938 my mother June prayed I would become a teacher or minister. Now at 72 years of age - after 45 years as a pastor, teacher and missionary - I can thank her for her prayers for they were fulfilled beyond her most hopeful dreams. I look back on 60 years of Biblical studies beginning when I first completed reading the King James Bible at the age of 12. I have been in love with the Scriptures - and reading/writing in general - and always wanted to publish a new edition of the New Testament.

John Willard M. Swartley 2013-03-14 The gospel of John's "from above" orientation transforms our human "from below" assumptions and habits. It draws us into union with God and into unity with one another. It communicates who Jesus is, in both intimate and profound dimensions. The book of John shapes Christian identity, invigorates worship, and implants eternal hope. "John's gospel defies description," marvels Swartley, professor emeritus at Anabaptist Mennonite Biblical Seminary. "It soars like the eagle, links heaven and earth, and both comforts and convicts the human heart. Its Christology is rich, with a plethora of titles for Jesus—even the divine eternal I AM." Though commentaries on the book of John abound, this volume follows the unique Believers Church Bible Commentary Series format, providing sections on The Text in Biblical Context and The Text in the Life of the Church. According to Swartley, this format serves well "the interests of seminary as well as other graduate students, and pastors especially." Volume 26 in the Believers Church Bible Commentary series. Josh Gibson Mark Ribowsky 2004-10-06 It is said that Josh Gibson is the only man ever to have hit a fair ball out of Yankee Stadium. Some claim he hit as many as seventy-five home runs in a season. All agreed he was a frightening hitter to face. What Satchel Paige was to pitching in the Negro leagues, Gibson was to hitting: their greatest star, biggest gate attraction, and most important symbol. Though Gibson is best remembered as "the black Babe Ruth," Ruth became a beloved symbol of the national pastime, while Gibson lived a life veiled in the darkness that came both from the shadow world of the Negro leagues and from within his own tortured soul. Mark Ribowsky, the widely acclaimed biographer of Satchel Paige, pulls no punches in his portrait of this magnificent, troubled athlete. This is the most complete, thorough, and authoritative account of the life of black ball's greatest hitter, and one of its most important stars.

According to the Scriptures David Allen 2018-01-30 "If all you know is the NT, you do not know the NT" - so the late NT scholar Martin Hengel is reputed to have said. This book, a study of the way in the NT writers utilized the Jewish Scriptures in order to describe, articulate and evaluate the death of Jesus, takes Hengel at his word. What Old Testament texts are quoted in the New Testament, how are they used and what might such analysis mean for the (contemporary) reader? Focusing in particular on the passion narratives in the Synoptic Gospels, *According to the Scriptures* seeks to engage with these questions. It will provide a useful new framework for thinking about why the early Church understood Jesus' death in terms of the Scriptures, what difference that understanding made, and what relevance that might have for us as we seek to make sense of the death of Jesus.
