Acclaimed upon its hardcover publication as a “culinary treat for Francophiles” (Publishers Weekly), *A Bite-Sized History of France* is a thoroughly original book that explores the facts and legends of the most popular French foods and wines. Traversing the cuisines of France’s most famous cities as well as its underexplored regions, the book is enriched by the “authors’ friendly accessibility that makes these stories so memorable” (The New York Times Book Review). This innovative social history also explores the impact of war and imperialism, the age-old tension between tradition and innovation, and the enduring use of food to prop up social and political identities. The origins of the most legendary French foods

and wines—from Roquefort and cognac to croissants and Calvados, from absinthe and oysters to Camembert and champagne—also reveal the social and political trends that propelled France’s rise upon the world stage. As told by a Franco-American couple (Stéphane is a cheesemonger, Jeni is an academic) this is an “impressive book that intertwines stories of gastronomy, culture, war, and revolution. . . . It’s a roller coaster ride, and when you’re done you’ll wish you could come back for more” (The Christian Science Monitor).

The Cambridge Companion to British Literature of the French Revolution in the 1790s Pamela Clemit
2011-02-10 The first major collection of essays to provide a comprehensive examination of the British literature of

the French Revolution.
The French Revolution
2013-10-15 The French Revolution was one of the greatest events in world history, filled with remarkable characters and dramatic events. From its beginning in 1789 to the Reign of Terror in 1793–94, and through the ups and downs of the Directory era that followed, the Revolution showed humanity at its optimistic best and its violent worst; it transformed the lives of all who experienced it. The French Revolution: Faith, Desire, and Politics offers a fresh treatment of this perennially popular and hugely significant topic, introducing a bold interpretation of the Revolution that highlights the key role that religion and sexuality played in determining the shape of the Revolution. These

were issues that occupied the minds and helped shape the actions of women and men; from the pornographic pamphlets about queen Marie-Antoinette to the puritanical morality of revolutionary leader Maximilien Robespierre, from the revolutionary catechisms that children learned and to the anathemas hurled on the Revolution from clandestine priests in the countryside. The people who lived through the French Revolution were surrounded by messages about gender, sex, religion and faith, concerns which did not exist outside of the events of the Revolution. This book is an essential resource for students of the French Revolution, History of Catholicism and Women and Gender.
The Oxford History of the French Revolution
William Doyle 2002

Downloaded from
unovent.com on

guest

This new edition of the most authoritative, comprehensive history of the French Revolution of 1789 draws on a generation of extensive research and scholarly debate to reappraise the most famous of all revolutions. Updates for this second edition include a generous chronology of events, plus an extended bibliographical essay providing an examination of the historiography of the Revolution. Opening with the accession of Louis XVI in 1774, the book traces the history of France through revolution, terror, and counter-revolution, to the triumph of Napoleon in 1802, and analyses the impact of events both in France itself and the rest of Europe. William Doyle shows how a movement which began with optimism and general enthusiasm soon became a tragedy, not

only for the ruling orders, but for the millions of ordinary people all over Europe whose lives were disrupted by religious upheaval, and civil and international war. It was they who paid the price for the destruction of the old political order and the struggle to establish a new one, based on the ideals of liberty and revolution, in the face of widespread indifference and hostility.

A People's History of the French Revolution

Eric Hazan 2014-09-01 A bold new history of the French Revolution from the standpoint of the peasants, workers, women and sans culottes. The legacy of the French Revolution has remained a fascinating and contentious subject for over two centuries. Instead of seeing the revolution as

aberrant bloodbath on the path to a liberal society, this new book, the first significant history of the French Revolution in over twenty years, maintains that it fundamentally changed the Western world. Looking at history from the bottom up, the history of working people and peasants, Hazan asks: How did they see their opportunities? What were they fighting for? What was the Terror and could it be justified? And how was the revolution stopped in its tracks? This is vivid historical writing – the multitude of voices of the Revolution come to life. Hazan shows how only through the people can we fully understand the legacy of the French Revolution.

The French Revolution

Peter Davies 2012-12-01
Handy introduction to one of the most

significant and studied events in world history. Blending narrative with analysis, Peter Davies explores a time of obscene opulence, mass starvation, and groundbreaking ideals; where the streets of Paris ran red with blood, and the numbers requiring execution precipitated the invention of the guillotine. Davies brings the subject up to date by considering the legacy of the revolution and how it continues to resonate in today's France.

The French Revolution

Christopher Hibbert
2001-10-25 Concise,
convincing and exciting,
this is Christopher
Hibbert's brilliant
account of the events
that shook eighteenth-
century Europe to its
foundation. With a
mixture of lucid
storytelling and
fascinating detail, he
charts the French
Revolution from its
beginnings at an
impromptu meeting on an
indoor tennis court at
Versailles in 1789,
right through to the
'coup d'etat' that
brought Napoleon to
power ten years later.
In the process he
explains the drama and
complexities of this
epoch-making era in the
compelling and
accessible manner he has
made his trademark.
Writing in *The Times*,
Richard Holmes described
the book as 'A
spectacular replay of
epic action . . .'

The Good Book Guide called it, 'Unquestionably the best popular history of the French Revolution'.

The Declaration of the Rights of Man and the Citizen 1789 and 1793
1985

Origins of the French Revolution William Doyle 1999 First published in 1980, this book rapidly established itself as the indispensable guide to what brought about the French Revolution, and to the debates of historians about the issue. It combined a full critical account of recent controversies with a fresh interpretation taking stock of where the debate had led. Since 1980 discussion among historians has continued as lively as ever, and has moved in directions scarcely explored at that time. The 'revisionist' criticism which destroyed the

classic mid-century consensus emphasizing the Revolution's social and economic origins has opened the way to a 'post-revisionist' approach focused on cultural change. This new edition brings the subject up to date with an extensively rewritten survey of the historiography up to the present day, and a revised interpretation modified in the light of research by a new generation of scholars. It will thus remain the starting point for any serious study of the greatest of all revolutions, which lies at the root of the modern political world. 'important book . . . readable and perceptive analysis', Times Higher Education Supplement 'His book is excellent, achieving the rare distinction of being both useful and revealing', Spectator

`brief, clear, and thoughtful', Journal of Modern History
Liberty or Death Peter McPhee 2016-05-28 A striking account of the impact of the French Revolution in Paris, across the French countryside, and around the globe The French Revolution has fascinated, perplexed, and inspired for more than two centuries. It was a seismic event that radically transformed France and launched shock waves across the world. In this provocative new history, Peter McPhee draws on a lifetime's study of eighteenth-century France and Europe to create an entirely fresh account of the world's first great modern revolution—its origins, drama, complexity, and significance. Was the Revolution a major turning point in French—even

world—history, or was it instead a protracted period of violent upheaval and warfare that wrecked millions of lives? McPhee evaluates the Revolution within a genuinely global context: Europe, the Atlantic region, and even farther. He acknowledges the key revolutionary events that unfolded in Paris, yet also uncovers the varying experiences of French citizens outside the gates of the city: the provincial men and women whose daily lives were altered—or not—by developments in the capital. Enhanced with evocative stories of those who struggled to cope in unpredictable times, McPhee's deeply researched book investigates the changing personal, social, and cultural world of the eighteenth century. His startling conclusions redefine and

illuminate both the experience and the legacy of France's transformative age of revolution.

"McPhee...skillfully and with consummate clarity recounts one of the most complex events in modern history.... [This] extraordinary work is destined to be the standard account of the French Revolution for years to come."—Publishers Weekly (starred review)

A Socialist History of the French Revolution

Jean Jaures 2022-05-20
The classic history of the French Revolution by the assassinated socialist leader, Jean Jaurès

Sister Revolutions Susan Dunn 2000-09-04
What the two great modern revolutions can teach us about democracy today. In 1790, the American diplomat and politician Gouverneur Morris compared the French and

American Revolutions, saying that the French "have taken Genius instead of Reason for their guide, adopted Experiment instead of Experience, and wander in the Dark because they prefer Lightning to Light." Although both revolutions professed similar Enlightenment ideals of freedom, equality, and justice, there were dramatic differences. The Americans were content to preserve many aspects of their English heritage; the French sought a complete break with a thousand years of history. The Americans accepted nonviolent political conflict; the French valued unity above all. The Americans emphasized individual rights, while the French stressed public order and cohesion. Why did the two revolutions follow such different trajectories? What

Downloaded from [unovent.com](https://www.unovent.com) on

influence have the two different visions of democracy had on modern history? And what lessons do they offer us about democracy today? In a lucid narrative style, with particular emphasis on lively portraits of the major actors, Susan Dunn traces the legacies of the two great revolutions through modern history and up to the revolutionary movements of our own time. Her combination of history and political analysis will appeal to all who take an interest in the way democratic nations are governed.

French Revolution: A Captivating Guide to the French Revolution, the Life of Marie Antoinette and the Impact Made by Napoleon Bonaparte
Captivating History
2019-01-09 If you want to discover captivating stories of people and events of the French

Revolution, then keep reading... Two captivating manuscripts in one book: The French Revolution: A Captivating Guide to the Ten-Year Revolution in France and the Impact Made by Napoleon Bonaparte Marie Antoinette: A Captivating Guide to the Last Queen of France Before and During the French Revolution, Including Her Relationship with King Louis XVI Few historical events are as greatly revered and entirely misunderstood as the French Revolution that began in 1789. The memory of this complicated and lengthy political, violent uprising has been generally painted in broad--and oversimplified--strokes. While the French Revolution was certainly centered around two lavish monarchies and a

enlightened common class, there was so much more going on behind the scenes. Even after the abolition of the French monarchy, France struggled to find a balance between public self-governance and European stability. A fragile government, merely a shell of its former self following the Reign of Terror under Robespierre, was no match for the military and political prowess of Napoleon I. Some of the topics covered in part 1 of this book include: A Brief History of the French Monarchy Philosophies of the Times France in the 18th Century Marie Antoinette, Madame Deficit Taxes, Famine, and the Enlightenment Sieyes' "What is the Third Estate?" The National Assembly Death of the Dauphin Bastille Day The First Mayor of

Paris Declaration of the Rights of Man...and The Women's March France at War The Flight to Varennes Storming the Tuileries The Monarchy is Outlawed The Fate of the Colonies The Louisiana Purchase The Reign of Terror The New French Calendar Emperor Napoleon Bonaparte In the Days and Years Afterward And much, much more! Some of the topics covered in part 2 of this book include: An Archduchess is Born Maria Antonia Becomes Marie Antoinette The Dauphine Queen at Nineteen A Marriage at Odds with Itself The Issue of Heirs Madame Deficit Count Axel von Ferson The Lost Children The Diamond Necklace Scandal Queen of Fashion The French Revolution The October Chapter Anxious Days at the Tuileries An Attempt to Flee Death of the Monarchy And much more!

So if you want to learn more about the French Revolution, click the "add to cart" button! Lectures on the French Revolution John Emerich Edward Dalberg The two volumes of his lectures on modern history and on the French Revolution give us in their full ripeness the sum of Acton's historical judgments. History was not to Acton a mere academic pursuit. With that view of history which considers it, beneath the dry light of science, as a series of phenomena capable of detachment from the present, susceptible to separate analysis, he had no sympathy. Still less did he consider history a mere form of literary exposition. The one justification for the study of history was to Acton its value as a guide in the affairs of the every-day world. The present is what it is

because of what the past has been. Human development has been a continuous chain of cause and effect. Any course of action in the present must be based upon a knowledge of the way in which things we now do are hedged in, limited by what men have done before us. History thus becomes a great mentor, a schoolmaster of action.

Re-imagining Democracy in the Age of Revolutions Joanna Innes 2013-06-27
Re-imagining Democracy in the Age of Revolutions charts a transformation in the way people thought about democracy in the North Atlantic region in the years between the American Revolution and the revolutions of 1848

In the mid-eighteenth century, 'democracy' was a word known only to the literate. It was associated primarily with the ancient world and had negative connotations: democracies were conceived to be unstable, warlike, and prone to mutate into despotisms. By the mid-nineteenth century, however, the word had passed into general use, although it was still not necessarily an approving term. In fact, there was much debate about whether democracy could achieve robust institutional form in advanced societies. In this volume, a cast of internationally-renowned contributors shows how common trends developed throughout the United States, France, Britain, and Ireland, particularly focussing on the era of the American, French, and

subsequent European revolutions. Re-imagining Democracy in the Age of Revolutions argues that 'modern democracy' was not invented in one place and then diffused elsewhere, but instead was the subject of parallel re-imaginings, as ancient ideas and examples were selectively invoked and reworked for modern use. The contributions significantly enhance our understanding of the diversity and complexity of our democratic inheritance.

Historical Dictionary of the French Revolution

Paul R. Hanson

2015-01-15 The French Revolution remains the most examined event, or period, in world history. It was, most historians would argue, the first "modern" revolution, an event so momentous that it changed the very meaning

Downloaded from
unovent.com
September 26, 2022 by

of the word revolution, from “restoration,” as in the Glorious Revolution of 1688 in England, to its modern sense of connoting a political and/or social upheaval that marks a decisive break with the past, one that moves a society in a forward, or progressive, direction. No revolution has occurred since 1789 without making reference to this first revolution, and most have been measured against it. One cannot utter the date 1789 without thinking of revolution, and so significant were the changes unleashed in that year that it has come to mark the dividing line between early modern and late modern European history Kings This second edition of Historical Dictionary of the French Revolution covers its history through a

chronology, an introductory essay, and an extensive bibliography. The dictionary section has over 400 cross-referenced entries on the causes and origins; the roles of significant persons; crucial events and turning points; important institutions and organizations; and the economic, social, and intellectual factors involved in the event that gave birth to the Declaration of the Rights of Man and Citizen. This book is an excellent access point for students, researchers, and anyone wanting to know more about this period.

exams: Summer 2016 (AS); Summer 2017 (A-level)
Put your trust in the textbook series that has given thousands of A-level History students deeper knowledge and better grades for over 30 years. Updated to meet the demands of today's A-level specifications, this new generation of Access to History titles includes accurate exam guidance based on examiners' reports, free online activity worksheets and contextual information that underpins students' understanding of the period. - Develop strong historical knowledge: in-depth analysis of each topic is both authoritative and accessible - Build historical skills and understanding: downloadable activity worksheets can be used independently by students or edited by teachers for classwork

and homework - Learn, remember and connect important events and people: an introduction to the period, summary diagrams, timelines and links to additional online resources support lessons, revision and coursework - Achieve exam success: practical advice matched to the requirements of your A-level specification incorporates the lessons learnt from previous exams - Engage with sources, interpretations and the latest historical research: students will evaluate a rich collection of visual and written materials, plus key debates that examine the views of different historians

Access to History: France in Revolution 4th Edition Duncan Townson
2008-05-30 The Access to History series is the most popular and trusted series for AS and A

level history students. The new editions combine all the strengths of this well-loved series with a new design and features that allow all students access to the content and study skills needed to achieve exam success. This is a new edition of 'France in Revolution' and has been fully updated and extended to cover the 2008 AS and A2 specifications for all examination boards. This title charts the long- and short-term causes of the French Revolution, the political, social and economic impact of the Revolution itself and the establishment of the Terror. There is also an additional chapter on Napoleonic rule in France from 1799-1815. Throughout the book, key dates, terms and issues are highlighted, and historical interpretations of key

debates are outlined. Summary diagrams are included to consolidate knowledge and understanding of the period, and exam-style questions and tips written by examiners for each examination board provide the opportunity to develop exam skills.

The Women of Paris and Their French Revolution
Dominique Godineau
1998-02-16 During the French Revolution, hundreds of domestic and working-class women of Paris were interrogated, examined, accused, denounced, arrested, and imprisoned for their rebellious and often hostile behavior. Here, for the first time in English translation, Dominique Godineau offers an illuminating account of these female revolutionaries. As nurturing and tender as they are belligerent and contentious, these are not singular female

heroines but the collective common women who struggled for bare subsistence by working in factories, in shops, on the streets, and on the home front while still finding time to participate in national assemblies, activist gatherings, and public demonstrations in their fight for the recognition of women as citizens within a burgeoning democracy. Relying on exhaustive research in historical archives, police accounts, and demographic resources at specific moments of the Revolutionary period, Godineau describes the private and public lives of these women within their precise political, social, historical, and gender-specific contexts. Her insightful and engaging observations shed new light on the importance of women as instigators,

activists, militants, and decisive revolutionary individuals in the crafting and rechartering of their political and social roles as female citizens within the New Republic. *The French Revolution* Thomas Carlyle 1950 **Reflections on the Revolution in France ... The third edition** Edmund Burke 1790

The Terror of Natural Right Dan Edelstein 2010-11-15 "Natural right - the idea that there is a collection of laws and rights based not on custom or belief but that are "natural" in origin - is typically associated with liberal politics and freedom. But during the French Revolution, this tradition was interpreted to justify the most repressive actions of the violent period known as the Terror." "In ~~The Terror of~~

of Natural Right, Dan Edelstein argues that the revolutionaries used the natural right concept of the "enemy of the human race" - an individual who has transgressed the laws of nature and must be executed without judicial formalities - to authorize three-quarters of the deaths during the Terror. But the significance of the natural right did not end with its legal application. Edelstein argues that the Jacobins shared a political philosophy that he calls "natural republicanism," which assumed the natural state of society was a republic and that natural right provided its only acceptable laws. Ultimately, he argues that what we call the Terror was in fact only one facet of the republican theory that prevailed from Louis's trial until the fall of

Robespierre." "A work of historical analysis, political theory, literary criticism, and intellectual history, *The Terror of Natural Right* challenges prevailing assumptions of the Terror to offer a new perspective on the Revolutionary period."-- BOOK JACKET.

Ancient and Modern Democracy

Welsh Responses to the French Revolution Marion Loffler 2012-01-04 The serial literature current in Wales between 1789 and 1802 is the most important public repository of radical, loyalist and patriotic Welsh responses to the French Revolution and the Revolutionary Wars. This anthology presents a selection of poetry and prose published in the annual Welsh almanacs, the English provincial newspapers published close to Wales's border and the

three radical Welsh periodicals of the mid-1790s, together with translations of the Welsh texts. An extended introduction sketches out the printing culture of Wales, analyses its public discourse and interprets the Welsh voices in their British political context.

The Psychology of Revolution Gustave Le Bon 2013-03-21 The author examines the psychology of revolutions in general, both religious and political, with a particular emphasis on the personalities and events of the French Revolution.

The French Revolution Linda Frey 2004 Presents essays covering the history of the French Revolution, covering important figures of the era, historical events, a selection of primary documents, and an annotated bibliography.

The French Revolution

Laura Mason 1999 presented alongside those of sans-culottes; the histories of women, peasants, and the free blacks and slaves of Saint Domingue are represented, as are the testimonies of revolutionaries and counter-revolutionaries alike. Documents range from political pamphlets, decrees by legislative bodies, and police reports to popular petitions from the countryside and popular literature from the period. Short narrative histories ... provid[e] students with a context in which to evaluate the documents. [This book is *Vive la Revolution* Mark Steel 2003-01-01 For most of us, the French Revolution has been reduced to jokes about Marie-Antoinette, guillotines and the Scarlet Pimpernel. But

for Mark Steel, bestselling author of REASONS TO BE CHEERFUL, the French Revolution was one of the most inspirational moments in human history - a moment when ordinary people changed the world and became extraordinary. It deserves better jokes than that. In this revolutionary new book, Steel banishes stuffiness from history, telling us what happened in France between the storming of the Bastille and the rise of Napoleon, bringing to life the people who made them happen. His account is dominated by bizarre events and splendid characters, from the famously odd Robespierre, Danton and Thomas Paine, to the less well known Drouet, the local postman who arrested the fleeing King because he recognised him as the man off of the money.

VIVE LA REVOLUTION is an uproariously serious work of history - brilliantly funny and insightful, it puts the peculiarity of individual people back at the centre of the story.

Enquiring History: The French Revolution Dave Martin 2013-02-22 Think more deeply and work more independently at A level History through a carefully thought-out enquiry approach from SHP. Enquiring History: It makes you think! The OFSTED report on school history suggests that the current generation of A Level students have been poorly served by exam-based textbooks which spoon-feed students while failing to enthuse them or develop deeper understandings of studying History The Schools History Project has risen to this challenge with ~~Download from~~
