The book of the Lamborghini Murciélago Thillainathan Pathmanathan 2021-10-21 The wedge-shaped V12 Lamborghini flagships were always spectacular – in shape, sound and performance. Ferruccio Lamborghini, Patrick Minram, Megatech, Chrysler, and

Lotus Europa - Colin Chapman's mid-engined masterpiece
Matthew Vale 2022-04-13 The Lotus Europa was Colin Chapman and Lotus's first mid-engined road car, and was produced from 1966 through to 1975. Originally designed to slot into the Lotus range below the Elan as a low cost replacement for the Lotus 7, the Europa eventually sat alongside the Elan and Plus 2 as a comparable sports car in its own right. Starting with the design philosophy behind the development of the Europa, this book provides detailed technical descriptions of all the major versions of the model, starting with the Renault-powered Series 1 through to the Lotus Twin Cam powered Special. It looks at the cars on the road, and the racing Type 47 derived from the road cars which competed in the small capacity Group 6 class, as well as featuring in historic racing today. With owners' impressions and interviews with ex-Lotus employees, the book provides a valuable insight into owning, running, and racing these iconic cars.

Plunkett's Automobile Industry Almanac 2009 Jack W Plunkett 2008 Franklin, Jack, Marla, Thadius, and Caitlin... this unlikely group of assorted misfits are the Cemeterians, a group that will take on any job - no,

really, we mean any bloody job (money's a bit tight right now)! Trudge through disgusting sewers to battle manatee-massacring mermaids and soggy cultists, creep through creepy, fog-littered cemeteries straight out of an ancient Hammer Film soundstage, confront undead lecherous lodgers and other assorted beasties, creepies, and ghoulies. It all comes down to whether an adolescent giant Automaton, a truly mad, Mad Scientist, a surly Necromancer, a Banshee's granddaughter, and a reluctant furry monster straight from under your little sister's bed can manage not to kill each other - or, at least, quit fighting over the tele-privilege-schedule long enough to get the job done! Not likely.

The Phoenix Effect Carter Pate 2002-07-15 International turn-around gurus describe how to rescue a company from the brink of disaster. Why, even in the best of economic times, do so many apparently healthy companies fail? The surprising answer offered by the authors of this breakthrough book is "denial," or more specifically, the inability of top management to acknowledge that they've been backing a losing strategy and to take the necessary, often traumatizing, steps required to set their companies on the right course. Using cogent case studies and lessons learned from working with Fortune 500 executives who have survived tough turnarounds, Pate and Platt vividly describe what happens when good strategies go bad. Drawing upon their experiences at top firms, they develop proven real-world turnaround strategies, tools, and techniques and show readers how to put them to work in their companies.

Back to Venice Michael Grant 2011-05-26 Imagine what it would be like to go back in time to the 15th century Venice. And imagine what it would be like to meet your lifelong hero, Michelangelo. And imagine what it would be like if, on first meeting, you spill a tray of pasta and wine on that very same hero. Well, that's what happens to serious young artist Mark Breen. As the result of a drunken bet, Mark knocks out a painting of a toilet bowl. Much to his amazement, he sells it. In

short order he's hailed as the new Andy Warhol and becomes an overnight sensation-and a very wealthy man. Soon, images of his toilet bowls are on more t-shirts, mugs, and calendars than Edvard Munch's The Scream. His friend and mentor, Hugh Connelly, afraid that Mark is in danger of losing his "artistic soul," advises him to go back to Italy and reacquaint himself with the "old masters." In Venice, Mark falls in love with Alexandra, a beautiful art restorer, but it's a one-sided affair. One night, hoping to win her over, he climbs up on a roof to find out who painted her favorite fresco. He falls off the roof and wakes up in 15th century Venice where he meets an innkeeper named Francesca, who looks exactly like Alexandra. And it gets curiouser and curiouser from there. During his stay-which is sometimes zany and sometimes frightening-he meet his hero, Michelangelo, who teaches him the true meaning of art.
