The Memoirs of Lady Hyegyong JaHyun Kim Haboush 2013-09-14 Lady Hyegyong's memoirs, which recount the chilling murder of her husband by his father, form one of the best known and most popular classics of Korean literature. From 1795 until 1805 Lady Hyegyong composed this masterpiece, depicting a court life

Shakespearean in its pathos, drama, and grandeur. Presented in its social, cultural, and historical contexts, this first complete English translation opens a door into a world teeming with conflicting passions, political intrigue, and the daily preoccupations of a deeply intelligent and articulate woman. JaHyun Kim Haboush's accurate, fluid translation captures the intimate and expressive voice of this consummate storyteller. Reissued nearly twenty years after its initial publication with a new foreword by Dorothy Ko, *The Memoirs of Lady Hyegyong* is a unique exploration of Korean selfhood and an extraordinary example of autobiography in the premodern era.

both conservatives and traditional liberals. 47 photographs.

The Undoing Shelly Laurenston 2016-04-01 In this romantic adventure by the New York Times–bestselling author of *The Unleashing*, a Norse goddess's handmaiden and a Viking fight to save the world. "Laurenston is the queen of paranormal romances that mix over-the-top

humor, eccentric characters and sexy, crazy plots to produce addictive stories you won't want to put down." —RT Book Reviews No one would ever accuse Jace Berisha of having an easy life—considering her husband . . . you know . . . killed her. But that was then! Now she fights for mighty Viking gods with the spectacular and vicious Crows. But things are turning very bad, very quickly because a vengeful, ancient goddess has come into the world with just one thing on her mind—ending it. And the only way they can hope to stop her is if the Crows join forces with their one-time enemies, the Protectors, a Viking Clan created to do nothing but kill every Crow they see. Thankfully, Protector Ski Eriksen is a peace-loving kind of guy. Because the woman he is desperately trying to get close to is the beautiful and not-very-chatty Jace. Battling Nordic clans? Unkillable goddesses? Jace's mean-spirited dog? None of these things would ever get in the way of a true Viking! Praise for The Undoing "Laurenston adeptly blends humor,

romance, and action, her sizable cast fully fleshed out and always entertaining." —Publishers Weekly "Anything Shelly Laurenston writes is pure, unadulterated fun. The queen of humorous paranormal romances continues to keep her title with her latest series—Call of the Crows. The Undoing is the second installment in this action packed, laugh out loud, sexy as sin series based on Norse mythology." —Smexy Books

[History, Texts and Art in Early Babylonia](#) Piotr Steinkeller 2017-06-12 These essays represent a summation of Piotr Steinkeller's decades-long thinking and writing about the history of third millennium BCE Babylonia and the ways in which it is reflected in ancient historical and literary sources and art, as well as of how these written and visual materials may be used by the modern historian to attain, if not a reliable record of *histoire événementielle*, a comprehensive picture

of how the ancients understood their history. The book focuses on the history of early Babylonian kingship, as it evolved over a period from Late Uruk down to Old Babylonian times, and the impact of the concepts of kingship on contemporaneous history writing and visual art. Here comparisons are drawn between Babylonia and similar developments in ancient Egypt, China and Mesoamerica. Other issues treated is the intersection between history writing and the scholarly, lexical, and literary traditions in early Babylonia; and the question of how the modern historian should approach the study of ancient sources of "historical" nature. Such a broad and comprehensive overview is novel in Mesopotamian studies to date. As such, it should contribute to an improved and more nuanced understanding of early Babylonian history. The Immortalization Commission John Gray 2011-10-27 SUNDAY TIMES, NEW STATESMAN and TLS BOOKS OF THE YEAR At the heart of all human experience lies our obsession with death. For many years we turned to religion for answers, but with the twentieth century came ideas from evolution and politics to suggest that our lives - and afterlives - were in our own hands. Such ideas went on to have both trivial and terrible effects: from a sweeping craze of séances to the mass-murders of the Stalinist terror. Gray raises vital questions about the 'truths' science can offer, the technology we are still exploiting for immortality - and exactly what it means to be human.

Decolonizing Pathways towards Integrative Healing in Social Work Kris Clarke 2020-10-09

Taking a new and innovative angle on social work, this book seeks to remedy the lack of holistic perspectives currently used in Western social work practice by exploring Indigenous and

other culturally diverse understandings and experiences of healing. This book examines six core areas of healing through a holistic lens that is grounded in a decolonizing perspective. Situating integrative healing within social work education and theory, the book takes an interdisciplinary approach, drawing from social memory and historical trauma, contemplative traditions, storytelling, healing literatures, integrative health, and the traditional environmental knowledge of Indigenous Peoples. In exploring issues of water, creative expression, movement, contemplation, animals, and the natural world in relation to social work practice, the book will appeal to all scholars, practitioners, and community members interested in decolonization and Indigenous studies.

Paranormal Encounters in Iceland 1150-1400
Ármann Jakobsson 2020-03-23 This anthology of international scholarship offers new critical approaches to the study of the many manifestations of the paranormal in the Middle

Ages. The guiding principle of the collection is to depart from symbolic or reductionist readings of the subject matter in favor of focusing on the paranormal as human experience and, essentially, on how these experiences are defined by the sources. The authors work with a variety of medieval Icelandic textual sources, including family sagas, legendary sagas, romances, poetry, hagiography and miracles, exploring the diversity of paranormal activity in the medieval North. This volume questions all previous definitions of the subject matter, most decisively the idea of saga realism, and opens up new avenues in saga research.

Smalltime: A Story of My Family and the Mob
Russell Shorto 2021-02-02 A Kirkus Reviews Best Nonfiction Book of 2021 Family secrets emerge as a best-selling author dives into the history of the mob in small-town America. Best-selling author Russell Shorto, praised for his incisive works of narrative history, never thought to write about his own past. He grew up knowing his

grandfather and namesake was a small-town mob boss but maintained an unspoken family vow of silence. Then an elderly relative prodded: You're a writer—what are you gonna do about the story? *Smalltime* is a mob story straight out of central casting—but with a difference, for the small-town mob, which stretched from Schenectady to Fresno, is a mostly unknown world. The location is the brawny postwar factory town of Johnstown, Pennsylvania. The setting is City Cigar, a storefront next to City Hall, behind which Russ and his brother-in-law, "Little Joe," operate a gambling empire and effectively run the town. *Smalltime* is a riveting American immigrant story that travels back to Risorgimento Sicily, to the ancient, dusty, hill-town home of Antonino Sciotto, the author's great-grandfather, who leaves his wife and children in grinding poverty for a new life—and wife—in a Pennsylvania mining town. It's a tale of Italian Americans living in squalor and prejudice, and of the rise of Russ, who, like thousands of

other young men, created a copy of the American establishment that excluded him. *Smalltime* draws an intimate portrait of a mobster and his wife, sudden riches, and the toll a lawless life takes on one family. But *Smalltime* is something more. The author enlists his ailing father—Tony, the mobster's son—as his partner in the search for their troubled patriarch. As secrets are revealed and Tony's health deteriorates, the book becomes an urgent and intimate exploration of three generations of the American immigrant experience. Moving, wryly funny, and richly detailed, *Smalltime* is an irresistible memoir by a masterful writer of historical narrative.

In Praise of the Goddess 2003-12-01 About 16 centuries ago, an unknown Indian author or authors gathered together the diverse threads of already ancient traditions and wove them into a verbal tapestry that today is still the central text for worshippers of the Hindu Devi, the Divine Mother. This spiritual classic, the *Devimahatmya*, addresses the perennial questions of the nature of the universe, humankind, and divinity. How are they related, how do we live in a world torn between good and evil, and how do we find lasting satisfaction and inner peace? These

questions and their answers form the substance of the Devimahatmya. Its narrative of a dispossessed king, a merchant betrayed by the family he loves, and a seer whose teaching leads beyond existential suffering sets the stage for a trilogy of myths concerning the all-powerful Divine Mother, Durga, and the fierce battles she wages against throngs of demonic foes. In these allegories, her adversaries represent our all-too-human impulses toward power, possessions, and pleasure. The battlefields symbolize the field of human consciousness on which our lives' dramas play out in joy and sorrow, in wisdom and folly. The Devimahatmya speaks to us across the ages of the experiences and beliefs of our ancient ancestors. We sense their enchantment at nature's bounty and their terror before its destructive fury, their recognition of the good and evil in the human heart, and their understanding that everything in our experience is the expression of a greater reality, personified as the Divine Mother.

Chinese Death Rituals in Singapore Tong Chee Kiong 2004-03-01 Through a cultural analysis of the symbols of death - flesh, blood, bones, souls, time numbers, food and money -

Chinese Death Rituals in Singapore throws light upon the Chinese perception of death and how they cope with its eventuality. In the seeming mass of religious rituals and beliefs, it suggests that there is an underlying logic to the rituals. This in turn leads Kiong to examine the interrelationship between death and the socioeconomic value system of China as a whole.

Hatred Berit Brogaard 2020-10-16 Hatred is often considered the opposite of love, but in

many ways is much more complicated. It also may be considered one of the dominant emotions of our time, as individuals, groups, and even nations express or enact hatred to varying degrees. What is hatred? Where does it come from and what does it reveal about the hater? And is hatred always a bad thing? Brogaard makes a deep dive into the moral psychology of one of our most complex, and vivid emotions. She explores how hatred arises between people and among groups. She also shows how hate, like anger, can sometimes be appropriate and fitting. Other other questions she addresses are, how does hate differ from anger, disgust, fear, and other related emotions? Is fear an essential part of hatred? How does hatred affect what happens inside the brain? How did hate evolve in human history? Is hatred ever morally justified? Can you hate and love at the same time? Can one hate oneself? How do implicit biases trigger hatred of groups? This accessible, timely, and novel look at an underexplored emotion will employ examples

from current events as well as art and literature and popular culture.

Water, Cultural Diversity, and Global

Environmental Change Barbara Rose Johnston 2011-12-07 Co-published with UNESCO A product of the UNESCO-IHP project on Water and Cultural Diversity, this book represents an effort to examine the complex role water plays as a force in sustaining, maintaining, and threatening the viability of culturally diverse peoples. It is argued that water is a fundamental human need, a human right, and a core sustaining element in biodiversity and cultural diversity. The core concepts utilized in this book draw upon a larger trend in sustainability science, a recognition of the synergism and analytical potential in utilizing a coupled biological and social systems analysis, as the functioning viability of nature is both sustained and threatened by humans.
