Collective Actions of Solidarity against Food Insecurity Daniela Bernaschi 2020-08-31 This book analyzes the issue of food insecurity in Europe. It highlights the role played by cities in promoting resilient, solidarity-based and food and nutritionally safe communities. The focus will be on three different local initiatives in Rome, Barcelona and Athens and on the relations between civil society and local public institutions in order to tackle with the food insecurity challenges. The research is aimed at understanding the paradox of food insecurity in wealthy societies. The focus will be on three European countries: Italy, Spain and Greece. An in-depth analysis on collective actions of solidarity to tackle food insecurity, will assess whether the initiatives are capabilities-oriented or merely compensating for shortcomings. Moreover, the contributions to the definition of a new food policy "by" and "for" the cities will be highlighted.

Liberty and Landscape Olaf Kühne 2021-10-27 This book

explores the importance of freedom and liberalism in the context of socialities, individualities and materialities. The authors provide a highly unusual and innovative blending of concepts about space and landscape through a deeply theoretical exploration of liberalism. Liberalism is often problematized in contemporary discussions with regard to gentrification, environmental problems and inequality. In contrast, this book refers to a liberalism that maximizes life chances in the context of dealing with spaces. A connection between freedom and space, based on liberal ideas, provides a much needed theoretical intervention in the fields of social and spatial sciences.

Le cittadinanze di fine secolo in Europa e America Latina Antonio Annino 1996

Il lavoro nella learning society: la sfida delle competenze

Emanuela Proietti 2020-04-07 Il volume si propone di analizzare e riflettere su come i sistemi di istruzione, formazione, lavoro e orientamento vengono interrogati dall'affermarsi di una nuova prospettiva, che individua come leva strategica delle future opportunità di sviluppo sociale, culturale ed economico, l'apprendimento permanente. Alcuni fenomeni, come la segmentazione del mercato del lavoro, la polarizzazione della struttura dell'occupazione, la digitalizzazione, uniti all'emergere di nuovi rischi sociali, quali la crescita delle disuguaglianze e di nuove povertà, l'instabilità familiare, l'emergenza abitativa, hanno alimentato inedite forme di vulnerabilità sociale. Il saggio esamina alcuni di questi elementi di criticità e delle sfide in atto, nel passaggio delle politiche sociali dalla ricerca dell'uguaglianza dei risultati all'uguaglianza delle opportunità. Riflette sull'emergere di nuove e complesse competenze cercate dal mondo del lavoro, che possono dare corpo a tali opportunità, ma anche sulla necessità di una nuova governance, che metta al centro la persona e che renda esigibile il suo diritto all'apprendimento permanente. Se la sfida delle competenze, in tale scenario, è la sfida di questo primo scorcio di millennio, può essere vinta solo nella collaborazione tra sistemi e tra organizzazioni, non lasciando sole le persone di fronte alla complessità e ai processi di divaricazione crescente. A partire da un nuovo patto per lo sviluppo tra gli attori di tali sistemi sarà possibile costruire un learnfare, come sistema basato sulla garanzia di effettivo accesso a opportunità di apprendimento, coerenti con i propri progetti di vita e con le esigenze dell'economia e del mondo del lavoro.

Reflections on the Revolution in Europe Ralf Dahrendorf

2017-09-29 The fall of the Berlin Wall in 1989 effectively ended the division of Europe into East and West, and the features of our world that have resulted bear little resemblance to those of the forty years that preceded the Wall's fall. The rise of a new Europe prompts many questions, most of which remain to be answered. What does it all mean? Where is it going to lead? Are we witnessing the conclusion of an era without seeing anything to replace an old and admittedly dismal way of life? What will a market economy do to the social texture of various countries of Central Europe? Will it not make some rich while many will become poorer than ever? How can the rule of law be brought about? In this incisive and lucid book, Ralf Dahrendorf, one of Europe's most distinguished scholars, ponders these and other equally vexing questions. He regards what has happened in East Central Europe as a victory for neither of the social systems that once opposed each other across the Iron Curtain. Rather, he views these events as a vote for an open society over a closed

society. The continuing conundrum, he argues, which will plague peoples everywhere, will be how to balance the need for economic growth with the desire for social justice while building authentic and enduring democratic institutions. Reflections on the Revolution in Europe, which includes a new introduction from the author, is a humane, skeptical, and anti-utopian work, a manifesto for a radical liberalism in which the social entitlements of citizenship are as important a condition of progress as the opportunities for choice. A fascinating study of change and geopolitics in the modern world, Reflections points the way towards a new politics for the twenty-first century. Ralf Dahrendorf, born in Hamburg, Germany in 1929, is a member of Britain's House of Lords. He was professor of sociology at Hamburg, Tübingen and Konstanz from 1957 to 1968, and in 1974 moved to Britain. He has been the director

Breaking Dawn Stephenie Meyer 2008-08-02 In the explosive finale to the epic romantic saga, Bella has one final choice to make. Should she stay mortal and strengthen her connection to the werewolves, or leave it all behind to become a vampire? When you loved the one who was killing you, it left you no options. How could you run, how could you fight, when doing so would hurt that beloved one? If your life was all you had to give, how could you not give it? If it was someone you truly loved? To be irrevocably in love with a vampire is both fantasy and nightmare woven into a dangerously heightened reality for Bella Swan.

Pulled in one direction by her intense passion for Edward Cullen, and in another by her profound connection to werewolf Jacob Black, a tumultuous year of temptation, loss, and strife have led her to the ultimate turning point. Her imminent choice to either join the dark but seductive world of immortals or to pursue a fully human life has become the thread from which the fates of two tribes hangs. This astonishing, breathlessly anticipated conclusion to the Twilight Saga illuminates the secrets and mysteries of this spellbinding romantic epic. It's here! #1

bestselling author Stephenie Meyer makes a triumphant return to the world of Twilight with the highly anticipated companion, Midnight Sun: the iconic love story of Bella and Edward told from the vampire's point of view. "People do not want to just read Meyer's books; they want to climb inside them and live there." -- Time "A literary phenomenon." -- The New York Times

Asylums Erving Goffman 2017-09-08 A total institution is defined by Goffman as a place of residence and work where a large number of like-situated, individuals, cut off from the wider society for an appreciable period of time, together lead an enclosed, formally administered round of life. Prisons serve as a clear example, providing we appreciate that what is prison-like about prisons is found in institutions whose members have broken no laws. This volume deals with total institutions in general and, mental hospitals, in particular. The main focus is, on the world of the inmate, not the world of the staff. A chief concern is to develop a sociological version of the structure of the self. Each of the essays in this book were intended to focus on the same issue--the inmate's situation in an institutional context. Each chapter approaches the central issue from a different vantage point, each introduction drawing upon a different source in sociology and having little direct relation to the other chapters. This method of presenting material may be irksome, but it allows the reader to pursue the main theme of each paper analytically and comparatively past the point that would be allowable in chapters of an integrated book. If sociological concepts are to be treated with affection, each must be traced back to where it best applies, followed from there wherever it seems to lead, and pressed to disclose the rest of its family.

A che serve la storia? Mario Alcaro 2011

Introduzione a Dahrendorf Laura Leonardi 2014-04-23T00:00:00+02:00 Ralf Dahrendorf è stato uno degli studiosi più originali delle trasformazioni della società contemporanea, un punto di riferimento teorico, per il pensiero politico del Novecento, alternativo sia al liberalismo classico che

al marxismo. È considerato uno dei pochi teorici sociali ad avere continuato nel solco della tradizione classica che mira a «catturare la propria epoca nel pensiero». Al centro della sua analisi sono le chances di vitae la libertà attiva al fine di cogliere la direzione e la qualità dei processi di cambiamento sociale. Affrontando i temi del conflitto sociale nella modernità, delle disuguaglianze e delle classi, del rapporto tra democrazia e capitalismo, tra mercato, società civile e stato, Ralf Dahrendorf solleva anzitempo una delle questioni principali che si pongono alle società europee del XXI secolo: la difficoltà di conciliare crescita economica, coesione sociale e libertà politica.

Rogue Economics Loretta Napoleoni 2011-01-04 What do Eastern Europe's booming sex trade, America's subprime mortgage lending scandal, China's fake goods industry, and celebrity philanthropy in Africa have in common? With biopirates trolling the blood industry, fish-farming bandits ravaging the high seas, pornography developing virtually in Second Life, and games like World of Warcraft spawning online sweatshops, how are rogue industries transmuted into global empires? And will the entire system be transformed by the advent of sharia economics? With the precision of an economist and the narrative deftness of a storyteller, syndicated journalist Loretta Napoleoni examines how the world is being reshaped by dark economic forces, creating victims out of millions of ordinary people whose lives have become trapped inside a fantasy world of consumerism.

Napoleoni reveals the architecture of our world, and in doing so provides fresh insight into many of the most insoluble problems of our era.

Relazioni etniche, stereotipi e pregiudizi Marcella Delle Donne 1998

The Forgotten Revolution Lucio Russo 2013-12-01 The period from the late fourth to the late second century B. C. witnessed, in Greek-speaking countries, an explosion of objective knowledge about the external world. While Greek culture had reached great heights in art, literature and philosophy already in the earlier classical era, it is in the so-called Hellenistic period that we see for the first time — anywhere in the world — the appearance of science as we understand it now: not an accumulation of facts or philosophically based speculations, but an organized effort to model nature and apply such models, or scientific theories in a sense we will make precise, to the solution of practical problems and to a growing understanding of nature. We owe this new approach to scientists such as Archimedes, Euclid, Eratosthenes and many others less familiar today but no less remarkable. Yet, not long after this golden period, much of this extraordinary development had been reversed. Rome borrowed what it was capable of from the Greeks and kept it for a little while yet, but created very little science of its own. Europe was soon smothered in the obscurantism and stasis that blocked most avenues of intellectual development for a thousand years — until, as is well known, the rediscovery of ancient culture in its fullness paved the way to the modern age.

Creativi per forza Paolo Inno 2022-06-01T00:00:00+02:00 Che cosa vuol dire essere giovani oggi? Significa innanzitutto essere imprenditori di sé stessi, prendere in mano la propria vita, mettere al lavoro le proprie attitudini e relazioni. E questo a qualsiasi livello. Si tratta di una tendenza che potrebbe essere letta come manifestazione di una generica sensibilità generazionale. In realtà le cose sono più complesse e chiamano in causa precise scelte strategiche. Da questo punto di vista, Paolo Inno esamina la recente svolta creativo-imprenditoriale delle politiche giovanili per mostrare la formazione al loro interno di un "regime di verità" che stabilisce a quali condizioni si possa essere giovani nell'attuale congiuntura storica, politica e culturale. In particolare, viene evidenziato il collegamento tra le politiche di sostegno all'occupazione e di ristrutturazione del welfare e la produzione delle soggettività a esse correlate, indagando gli sforzi di una generazione di giovani alle prese con l'invenzione di un sé imprenditoriale. Ma con quali conseguenze sul piano dei

valori, delle strategie di vita e dell'identità personale e sociale? A partire dai risultati di una ricerca empirica sulla regione Puglia, da qualche decennio un vero e proprio laboratorio per la promozione di un certo tipo di politiche, il volume si propone di rispondere a questi interrogativi, offrendo anche una proposta di lettura della razionalità politico-pedagogica responsabile del modello di regolazione sociale contemporaneo.

[Il "modello" Olivetti](#) AA. VV. 2022-04-08T00:00:00+02:00 1529.2.154

Ralf Dahrendorf Olaf Kühne 2020-04-24 Ralf Dahrendorf (1929 to 2009) has worked in sociology, political practice and political philosophy, and is associated with significant impulses in role theory and conflict theory. This book presents the first synthesis of his extensive oeuvre in English. Dahrendorf's political commitment was driven largely by his desire to maximize life chances, thus contributing to the further development of liberalism. In the tradition of Karl Popper, his work in all areas was aimed at defending the open society, and he saw conflicts, if they were settled, as being suitable in principle for contributing to social progress. This book provides insights into the various methodological and theoretical aspects and critiques of Ralf Dahrendorf's work, as well as his reflections on the position of sociology in the system of sciences and in relation to political practice. The current crisis of liberal politics has made Dahrendorf's work more relevant than ever, and this overview will be of great interest to students and researchers across sociology, political science, political ideologies and European integration.

[Behind the Door](#) Giorgio Bassani 2017-09-28 A new translation of Bassani's moving novel of childhood friendship and the unexpected loss of innocence The years lived since then have not, in the end, been of any use: I haven't managed to remedy the suffering which has remained there like a hidden wound, secretly bleeding. In the fourth book of the *Romanzo di Ferrara* cycle, Bassani paints a moving portrait of a 1930s childhood in which even the familiar classroom and playground dramas begin to reflect the sinister forces at work in fascist Italy. This powerful tale of friendship and rivalry in the face of the ever encroaching spectre of adulthood adds yet another intricate thread to Bassani's rich tapestry of his native city, Ferrara. 'Giorgio Bassani is one of the great witnesses of this century, and one of its great artists' Guardian 'Powerful new translations . . . Bassani began as a poet, and McKendrick's redelivery of this taut uncompromising fiction reveals resonance and generosity' Ali Smith

Homo Sociologicus Ralf Dahrendorf 2022-02-09 First published in English as part of the *Essays in the Theory of Society*, this volume reissues the stand-alone *Homo Sociologicus* for which the author wrote a new introduction when it was originally published in 1973. The controversial book deals with the history, significance and limits of the category of social role and discusses the dilemma posed by *homo sociologicus*. The author shows that for society and sociology, socialization invariably means depersonalization, the yielding up of man's absolute individuality and liberty to the constraint and generality of social roles. This volume includes the essay, *Sociology and Human Nature*, written as a postscript to *Homo Sociologicus*.

[Armed Actors](#) Kees Koonings 2013-04-04 In this volume, Latin Americanist scholars explore the recent evidence relating to the ways in which partial state failure in the continent is interacting with new types of organized violence, thereby undermining the process of democratic consolidation that has characterized Latin America over the past two decades. This 'new violence' stems - as this book's case studies from Colombia, Peru, Argentina, Venezuela, Brazil and other countries, including El Salvador, show - from a heterogeneous variety of social actors including drug mafias, peasant militias and urban gangs (collectively referred to as *actores armados*), as well as state-related actors like the police, military intelligence agencies and paramilitary forces. These armed actors are reproducing organized social and political violence beyond the confines of democratic politics and civil society. The results, as the authors warn, include both 'governance voids' - domains where the legitimate state is effectively absent in the face of armed actors prevailing by force - and an erosion of the capacity and willingness of state officials themselves to abide by the rule of law. These tendencies, in turn,

pave the way for a possible reinstallation of authoritarian regimes under the control of politicized armies or, at the very least, the spread of state violence in one form or another. Why these tendencies need to be taken so seriously is, the authors argue, because of the deeper social roots underlying them - notably the failure of neoliberal economic policies and weakened state structures to deliver the jobs, standards of living and social services every democratic citizenry has a right to expect. The Argentinian collapse and persistent Colombian and Venezuelan crises receive special attention in this regard.

[LSE](#) Ralf Dahrendorf 1995 This is the first history of the LSE, one of the most famous academic institutions in the world. Ralf Dahrendorf, a former Director of the School, provides a comprehensive account of its first century, enlivened by his own personal insights. The story of the individuals who played a role in the LSE's history is interwoven with the development of the social sciences in the twentieth century and an assessment of the LSE's world-wide links and influence.

In viaggio per Eroma Anna Rago 2018-03-28 "Immergersi nelle vicende del viaggio è una dinamica esperienza comunicativa. Il viaggio attiva la meraviglia di essere e richiama l'impermanenza che pervade la vita stessa. L'intento è sviluppare curiosità, intuito, creatività, ilarità, nonché stimolare le abilità di autoguarigione, di promozione e tutela della salute psicofisica".

Law And Order Ralf Dahrendorf 1985

How We Are Hungry Dave Eggers 2011-10-27 *How We Are Hungry* is a collection of Dave Eggers's short stories that twist and inspire the imagination Dave Eggers has championed the cause of the short story so magnificently that through his own *McSweeney's* magazine and through its many imitators the form is once again in the ascendant. Yet while celebrating the work of others, Eggers has also proved himself time and again one of the modern masters of the form. This unmissable collection is Egger's first, and showcases his talents in a variety of stories that are short-short, short-long and every length in between; and in stories that are dark, funny, inspiring, daring and endlessly inventive (including the acclaimed 'Up the Mountain Coming Down Slowly'). In short, in stories that will make you appreciate that Dave Eggers and the short story were made for each other - and, in turn, for you. 'Possibly the most admired and emulated American author of his generation' Independent 'Brilliant, confident floods of language' Sunday Herald 'Intensely pleasurable, striking in its beauty...a triumph of both form and content' Guardian

[Sociologia n. 3/2011](#) AA. VV. 2012-06-19T00:00:00+02:00 La dimensione sociale dell'agape e riflessione sociologica Michele Colasanto Introduzione: l'agape per la riflessività della teoria sociale contemporanea Gennaro Iorio L'agire agapico come categoria interpretativa per le scienze sociali Paolo Montesperelli Agape e ricerca sociale: un difficile connubio Emanuela Mora Il rischio della reciprocità e la frontiera dell'agape Elisabetta Neve Riflessioni su servizio sociale e agire agapico Raffaele Rauty Riflessioni e riferimenti indotti dalla discussione sull'agape Tiziano Vecchiato Valori, spiritualità, azione professionale e agire agapico Axel Honneth 'Le condizioni per una sociologia dell'agape' Silvia Cataldi, Rolando Cristao La scuola di artigianato di Santa Maria di Catamarca in Argentina (Case study) Bernhard Callebaut Presenza di tratti di agire agapico nella fondazione dell'Europa Unita? The Connectives Lloyd Humberstone 2011 A comprehensive investigation of the sentence connectives--and, or, if, not--with special attention to their logical properties. In *The Connectives*, Lloyd Humberstone examines the semantics and pragmatics of natural language sentence connectives (and, or, if, not), giving special attention to their formal behavior according to proposed

logical systems and the degree to which such treatments capture their intuitive meanings. It will be an essential resource for philosophers, mathematicians, computer scientists, linguists, or any scholar who finds connectives, and the conceptual issues surrounding them, to be a source of interest. This landmark work offers both general material on sentence connectives in formal logic, such as truth-functionality and unique characterization by rules, and information on specific connectives (including conjunction and disjunction), considering their pragmatic and semantic properties in natural language as well as various attempts to simulate the latter in the formal languages of different systems of propositional logic. Chapters are divided into sections, and each section ends with notes and references for material covered in that section. If a section covers numerous topics separately, the notes and references are divided into parts, each with its own topic-indicating heading. When topics are not covered in detail but are relevant to matters under discussion, the notes and references provide pointers to the literature. Readers may find it useful to browse through a topic of interest and then follow the references within it forward and backward on the topic in question, or those to the extensive literature outside it.

Quadrare il cerchio ieri e oggi Ralf Dahrendorf

2011-03-31T00:00:00+02:00 IERI «Ralf Dahrendorf ha scritto un piccolo libro di grande attualità, un libro terribile perché le prospettive indicate sono terribili e le terapie da lui stesso suggerite non sembrano in grado di fermare il trend e invertirne la marcia.» Eugenio Scalfari, 1995OGGISe per classico s'intende un testo capace di resistere all'erosione del tempo, questo rientra senz'altro nella categoria. Lucio CaraccioloQuella tracciata da Dahrendorf è una prognosi altrettanto lucida che fondata. Valerio CastronovoDahrendorf ci ha avvertito per tempo dei probabili (inevitabili?) cambiamenti da cui sarebbero stati scanditi questi anni. Lorenzo OrnaghiL'espressione 'quadrare il cerchio' descrive la difficoltà a tenere insieme la crescita economica, la coesione sociale, e la libertà. Federico RampiniQuando Dahrendorf scrisse *Quadrare il cerchio*, il mondo appariva dominato dall'ideologia della globalizzazione. Oggi la globalizzazione si chiama 'mercato'. Sergio RomanoDifficile contestare la lucidità di questa analisi di Dahrendorf e la sua capacità di anticipare molti dei problemi che segnano il nostro presente. Franco CassanoIl messaggio di quadrare il cerchio resta attuale e può trovare una risposta proprio dalla crisi finanziaria internazionale. Innocenzo CipollettaCon gli occhi di oggi il saggio di Dahrendorf probabilmente parlerebbe anche di due capisaldi del liberalismo e della 'tenuta' della società: regole e crescita sostenibile. Corrado PasseraL'analisi di Dahrendorf è decisa e disincantata. Gian Enrico RusconiFinora siamo riusciti a 'quadrare il cerchio', persino in Italia. Fino a quando? Michele Salvati«I paesi dell'OCSE, per dirla in modo molto diretto e sbrigativo, hanno raggiunto un livello di sviluppo in cui le opportunità economiche dei loro cittadini mettono capo a scelte drammatiche. Per restare competitivi in un mercato mondiale in crescita devono prendere misure destinate a danneggiare irreparabilmente la coesione delle rispettive società civili. Se sono impreparati a prendere queste misure, devono ricorrere a restrizioni delle libertà civili e della partecipazione politica che configurano addirittura un nuovo autoritarismo. O almeno questo sembra essere il dilemma. il compito che incombe sul primo mondo nel decennio prossimo

venturo è quello di far quadrare il cerchio fra creazione di ricchezza, coesione sociale e libertà politica. La quadratura del cerchio è impossibile; ma ci si può forse avvicinare, e un progetto realistico di promozione del benessere sociale probabilmente non può avere obiettivi più ambiziosi.» Ralf Dahrendorf, 1995.

Traces Ernst Bloch 2006 Collects aphorisms, essays, stories, and anecdotes, and enacts the author's interest in showing how attention to "traces" can serve as a mode of philosophizing. In an example of how the literary can become a privileged medium for philosophy, his chief philosophical invention is to begin with what gives an observer pause.

River God Wilbur Smith 2014-07-01 Tanus is the fair-haired young lion of a warrior whom the gods have decreed will lead Egypt's army in a bold attempt to reunite the Kingdom's shattered halves. But Tanus will have to defy the same gods to attain the reward they have forbidden him, an object more prized than battle's glory: possession of the Lady Lostris, a rare beauty with skin the color of oiled cedar--destined for the adoration of a nation, and the love of one extraordinary man. International bestselling author Wilbur Smith, creator of over two dozen highly acclaimed novels, draws readers into a magnificent, richly imagined Egyptian saga. Exploding with all the drama, mystery, and rage of ancient Egypt, *River God* is a masterpiece from a storyteller at the height of his powers.

The Sociology of War and Violence Siniša Malešević 2010-06-10 War is a highly complex and dynamic form of social conflict. This book demonstrates the importance of using sociological tools to understand the changing character of war and organised violence. The author offers an original analysis of the historical and contemporary impact that coercion and warfare have on the transformation of social life, and vice versa. Although war and violence were decisive components in the formation of modernity most analyses tend to shy away from the sociological study of the gory origins of contemporary social life. In contrast, this book brings the study of organised violence to the fore by providing a wide-ranging sociological analysis that links classical and contemporary theories with specific historical and geographical contexts. Topics covered include violence before modernity, warfare in the modern age, nationalism and war, war propaganda, battlefield solidarity, war and social stratification, gender and organised violence, and the new wars debate.

Quadrare il cerchio Walter Pedullà 2005

Care, Gender, and Justice Diemut Elisabet Bubeck 1995 Women's unpaid work at home has not concerned theorists of social justice, despite the fact that it renders women vulnerable to exploitation and hence to social injustice. Based on a critical analysis of three conceptions of work and women's work in the materialist tradition of thought -Marx, the domestic labour debate, and Delphy and Leonard - the author develops her own theory of women's work as care. By focusing on the material, psychological and gendered aspects of care, the theory elucidates how and why care is exploitative as long as it remains women's work, and what problems it poses for conceptions of social justice. It also enables the author to develop a striking new interpretation of the much discussed ethic of care: how it relates to considerations of justice and the place it has in moral and political philosophy.
